HON. MR. MITCHELL AFFIRMS GOVT. COULD TAKE NO OTHER COURSE TO PROTECT PROVINCE

Order-in-Council Relating to the Issue of Bonds Encroached on Their Rights—Protest Based on Principle as Province Does Not Contemplate, at the Present time, the Borrowing or the Floating of Any Loans.

(By Morning Bulletin, Leased Wire.)
QUEBEC, Jan. 13.—Hon. Walter Mitchell, provincial treasurer, delivered his budget speech in the legislature here today, and besides dealing with the financial situation referred to in the order-in-council respecting issues of bonds.

He announced that the province had completed the financial year ended on June 30, 1917. The ordinary revenue

Continuing, he said:
 "The rights of the province in the order-in-council in question are being encroached upon, and under the circumstances it is imperative for this government to follow that for one taken, if we are to do our duty as a government, and that we are bound by our oath of office to protect the rights of the province and its people. It is therefore imperative in passing the order-in-council on the 22nd of December last that it is for

June 26, 1912. The provincial revenue for the year ending December 31, 1911, was \$1,000,000. The expenditure was \$948,153. To this expenditure, however, he added, an amount of \$100,000 for the purchase of land and \$187,000 should be added on account of the interest on the bonds subscribed to the patriotic fund for the purchase of land and the net surplus was \$115,846.41.

Taking up the federal order relating to the Quebec Patriotic Fund, he said that it had been declared ultra vires and that the Government of Quebec, whose opinion was supported by E. Lafleur, K.C., and Alme Gordon, had refused to comply with the order.

The government of the province does not contemplate, at the present time, the purchase of or donation of any lands. This is itself the best example of the principle of the non-interference principle and for the protection of our constitutional rights.

He said that the Quebec government had done everything possible to comply with the order and referred to Quebec's different contributions to the fund, amounting to \$1,712,084.02, while the Quebec government's subscriptions to the fund were \$1,000,000.
